Skills

- Programming (Python, Java)
- Data & Analytics (Data Cleaning, Tableau, NumPy EDA, Pandas)
- Cloud Computing (AWS – IAM, EC2, S3)
- Soft Skills (Communication, Problem Solving, Decision Making)

Languages

- English
- Kannada
- Tamil
- Telugu

Education

(2022 – 2026)

PAAVAI COLLEGE OF ENGINEERING

B.Tech – Artificial Intelligence & Data Science
CGPA: 7.45 (Pursuing)

Internships

- Software Engineering Internship** (Virtual) – Google for Developers (Apr – Jun 2024)
- AWS Academy Cloud Internship** (Virtual) (Jan – Mar 2024)
- Google Data Analytics Professional Certificate** (Coursera) (May 2025)
- Data Science Workshop** – IIT Madras (Mar 2025)

Projects

VOICE-CONTROLLED AI ASSISTANT

- Built a real-time AI assistant using GPT models and speech recognition.
- Automated tasks like web search, time, and app control.

DECENTRALIZED VOTING SYSTEM USING BLOCKCHAIN

- Developed a secure blockchain-based voting system with Aadhar + OTP.
- Reduced validation errors by 30%, ensuring transparency.
